F
Hypothesise, make an educated guess,
Experiment. put it to the test,
Analyse, you see if there's a trend,
Conclude.

Hypothesise, experiment. analyse, conclude,
Science makes the best predictions for what may happen to you,
Nothing else can be more sure of stuff millions of years before,
Science leads to so much more technology that's new,

Hypothesise, make an educated guess,
Experiment. put it to the test,
Analyse, you see if there's a trend,
Conclude.

There's always more for us to know, make more hypotheses, let's go,
